## Garage Organization Products

Has your two-car garage become a no-car garage because it's crammed full of junk and unorganized tools and storage? Garage organization is the newest trend, delivering value and convenience for homeowners.

- Functional & Flexible
- Increase open floor space by creating storage on the wall
- Accessories can be repositioned at a later date or as needs change
- Durable, quality products
- Turn your garage into a space to work, entertain and show off.

**A house that appears tidy and well-cared-for will sell more quickly and for more money.**

**A good first appearance can add as much as 10-percent to the value of the home.**
